Subject:
Error in Reaching <http://www.someurl.com>

Body:
There appears to be a problem in reaching your web site at www.someurl.com

301

As recommended by the Robot Guidelines, this email is to explain our robot's activities and to let you know about the trouble in reaching your site. InternetSeer does not store or publish the content of your pages, but rather uses the link information to update our map of the World Wide Web.

If you would like to learn more about InternetSeer.com or to continue to receive these performance reports at NO CHARGE, click here:
<http://www.internetseer.com/signup.asp?pmc=12345&email=joe@someemail.com>

303

If you prefer not to receive these occasional error notices please let us know by returning this email with the word "remove" in the subject line.

Web Site Monitoring

##Remove:Joe@someemail.com##

Alert Notifications should follow the following process and format
For the first alert:

Sender: Alert@InternetSeer.com

Subject Line: InternetSeer Alert

First On Error Alert:

The following URL is on Error

URL: http://www.abc.com

IP Address: 198.43.56.83

Time: 11:30:30 AM, Wednesday, September 18, 2000 (Greenwich Mean Time)

Error Code: PUT ERROR INFORMATION HERE

Please visit www.internetseer.com/myinternetseer/index.jsp for additional information on the error we have found in reaching your Web site and to get up-to-the-hour performance reports.

Should you reach your Web page click the Refresh button as the Web page may be cached on your system.

If you are still able to reach the Web page on error, please note, that we are testing from

Philadelphia, Pennsylvania, in the United States and have found an error in the path to your Web site. Your request to the Web site may take a different path that might bypass the error we detect. We will continue to monitor your web page until the error is resolved.

False Alarm Protection: After detecting the first error we will follow a quality assurance process to confirm our results. After confirming the Web site is on error we send the first Alert email.

Timeout

First On Error Alert:

The following URL is on Error:

URL: http://www.abc.com

IP Address: 198.43.56.83

Time: 11:30:30 AM, Wednesday, September 18, 2000

Error Code: Socket Timeout

Please visit www.internetseer.com/myinternetseer/index.jsp for additional information on the error we have found in reaching your Web site and to get up-to-the-hour performance reports.

Should you reach your Web page click the Refresh button as the Web page may be cached on your system.

If you are still able to reach the Web page on error, please note, that we are testing from Philadelphia, Pennsylvania, in the United States and have found an error in the path to your Web site. Your request to the Web site may take a different path that might bypass the error we detect. We will continue to monitor your web page until the error is resolved.

False Alarm Protection: After detecting the first error we will follow a quality assurance process to confirm our results. After confirming the Web site is on error we send the first Alert email.

FINAL Alert (This should be sent 30 minutes from first detecting the error.)

Audience: People who registered a URL with Claymont.com

Subject:

Congratulations. Your web site is registered

Body:

Congratulations! You have submitted your Web site to the Claymont.com search engine and Web site monitoring service.

Your Web site has been registered.

← 1301

In order to ensure the integrity of our search results, Claymont.com remotely monitors every Web site that is registered at Claymont.com. This allows Claymont.com to keep its search results accurate by removing non-responding Web sites from its directory.

Claymont.com has joined with InternetSeer.com to conduct this ongoing monitoring. As part of this service, InternetSeer will monitor your Web site every hour, 24-7, and will notify you by email when your site is not responding. In addition, InternetSeer will send you weekly reports displaying the performance of your Web site over the previous week. There is NO CHARGE for this service.

← 1302

For your convenience, we have provided you with a login name and password that allows you to manage your account profile.

Your login Name: mark@minddrivers.com

Password is: 770odg94

URL being monitored: http://www.claymont.com
